A person is shown from the waist down, holding a large, round, woven wooden basket filled with dark purple grapes. The person is wearing dark trousers and light-colored sneakers. They are standing on a rocky, uneven ground in a vineyard. The background is a soft-focus view of grapevines with autumn-colored leaves, bathed in the warm, golden light of a sunset or sunrise.

SOMONTANO

Unique wines at the foot of the Pyrenees

Somontano. Unique wines, whose quality is defined above all by their vineyards and wineries set at the foot of the Pyrenees in Huesca. Their place of origin shapes them so profoundly that the very name suggests it: wines crafted “at the foot of the mountain”.

From these grapes comes a wide variety of wines, distinguished by freshness, aromatic intensity, balance and versatility – the hallmarks of their shared identity: Somontano. Wines designed to be savoured, inviting you on a journey to the land from which they originate.

Fresh, aromatic, balanced and very versatile wines created to be enjoyed.

BARBASTRO

City of wine

Barbastro, capital of Somontano and city of the Vero, has long been a meeting and trading hub for the people of Somontano and neighbouring districts.

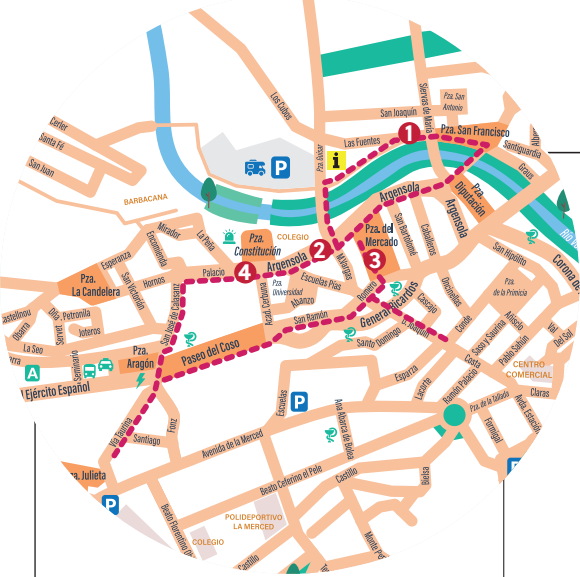

A crossroads leading to the Pyrenean valleys, Barbastro is set in a privileged landscape rich in natural beauty, historic and cultural heritage, and top-quality produce.

It is also the perfect starting point for exploring other parts of the province of Huesca:

- Cerler (Posets-Maladeta National Park-Ski Resort): 93 km
- Ordesa y Monte Perdido National Park: 70 km
- Aínsa: 53 km
- Bielsa: 87 km
- Benabarre: 36 km
- Carrasca de Lecina: 40 km

♥ We recommend visiting Barbastro Cathedral and the Diocesan Museum. A Gothic cathedral featuring a magnificent altarpiece by Damián Forment and Juan de Liceire.

RECOMMENDED ITINERARY

- (1) Take a stroll along the riverbank with its three fountains, colourful façades and oil press. Next to it, the church of San Francisco preserves a pointed arch in the central nave from the 16th century, as well as a crypt with seated burials.
- (2) Head along Calle Hermanos Argensola, where you will find fine examples of Aragonese Renaissance architecture, such as the palace of the Argensola brothers with its 16th-century carved wooden eaves, the headquarters of the National Distance Learning University and the Town Hall, renovated in the 1950s.
- (3) Halfway along this route, Plaza del Mercado is the city’s most popular spot, where weekly fruit and vegetable markets are held.
- (4) The Cathedral, its tower and the Diocesan Museum – home to invaluable works of religious art – make up the city’s essential heritage, all located in the historic Entremuro quarter.

QUALITY *of life*

Our way of life: shops selling local produce, greeting people in the street, walking everywhere, enjoying a glass of DO Somontano wine with something tasty to eat and a friendly chat. ***We want you to experience our way of life*** and fall in love with our quality of life.

Saturday is market day

Every Saturday morning, Somontano's market gardeners gather in Barbastro's Plaza del Mercado to sell their produce.

We recommend a leisurely stroll through Barbastro, soaking up its commercial spirit and popping into our shops to take home some of the "flavours of Somontano".

Where to buy?

Discover the best places to buy a taste of Somontano

Did you know Barbastro has a dessert made with borage?

Crespillo is a dessert whose main ingredient is the borage leaf. An exquisite Somontano speciality, it was traditionally made with the intention of "impregnating the olive trees". In Barbastro, the Fiesta del Crespillo is held every March and is recognised as a Festival of Regional Tourist Interest.

You really must try it!

Torteta, chireta and, of course, longaniza de Graus are all traditional products from the matacía (pig slaughter) that you're sure to enjoy.

Here, a tomato tastes like a tomato.
Barbastro's market garden: Alongside the pink tomato, we recommend trying peas, borage, cardoons, asparagus and more.

RESTAURANTS AND WINE *bars*

On the Somontano Wine Route, as well as in other selected restaurants across the province of Huesca, we want you to continue enjoying your DO Somontano wine.
